W BUSY WEEK FOR HORSES AND THE PUBLIC

IMPROVEMENTS AT THE GRAVESEND COURSE-HANDICAP WEIGHTS. All the stables in the grounds of the Brooklyn Jockey Club are filled with horses that are going to run for that \$25,000, which the association gives away at its extra meeting on Wednesday, Thursday and Friday. The Dwyers' string arrived from Sara-

toga yesterday and took possession of an unfinished stable because all the others were occupied. Among other arrivals are Egmont, Little Minch and Wheeler T., of the Chicago stable. Green Morris wandered over from Monmouth with his half dozen, and numerous smaller strings came from various points.

Owners cannot resist the temptation to bid for the fat prizes scattered all over the programme. The racing is going to be of the highest quality and possibly

Extensive alterations have been made at the course since the spring meeting. Henry Stedeker is to manage the betting, and as he likes plenty of room the club has enlarged the betting pavilion by extending it to the grand stand. The places for mutual machines have been removed to the new end. Plank walks have been laid outside so that mud on wet days need trouble no one. There will be at least seventy bookmakers to relieve the public of their superfluous wealth.

Doubtful finishes are to be decided by photography. A camera will be placed in the line in front of the judges' stand, and the presiding official will hold in his hand a bulb, a gentle pressure of which at the

As it requires only four minutes to produce a negative there will be no long delays. Of course the camera will not be required except in so close finishes as that between Tea Tray

THE CLOSE AT MONMOUTH. WEIGHTS FOR THE CARTERET AND JERSEY

rlight races are to be run at Monmouth Park to-morrow, after which the gates will be closed until July 4, 1889. So much has been said in compliment of the present meeting, its perfect management, its ex-traordinary attractions, its enormous attendances and its liberality, that further comment at this time would he superfluous. The race going public know what the American Newmarket is; it is not necessary, therefore, to tell them anything about it. The Carteret Handicap for two-year-olds and the Jersey Handicap for three-year-olds, each with \$5,000 added, are to be docided to-morrow. Weights for both are given be-CARTERET HANDICAP. SHEEPSHEAD BAY HANDICAPS.

Weights for the three great handicaps to be run at Sheepshead Bay in the course of the fall meeting, which begins next Saturday, are given below. All the best horses in training are among the nominations, and the ac-ceptances are certain to be numerous, for the weights are ceptances are cream to the prizes well worth winning. Of course that superb filly Firenti, who may now be called the reigning queen of the American turf, is honored by Secretary Lawrence with the heaviest burden.

FAITH-CURE CONVERTS BABTIZED. Is was a busy day with the Faith Cure believers yes-terday, in Jersey City, and a number of converts went down into the water to receive the sacrament of baptism. By far the larger gathering attended the services at Mount Zion Sanctuary, New-York Bay, perhaps on account of its being nearer the city, and consequently more accessible, or possibly because the view is better. Botween 2,000 and 3,000 persons went out, and the surface cars were crowded.

Those baptized at Mount Zion were James A. Francis and
Mrs. Hattie Francia, his wife, of No. 123 Bank-st., Newark, and Mrs. Lavina Burnett, of Foughkeepsie, and Miss Isa-bella Hule, her sister, of New-York. In Mr. Francis's case it was a rebaptism, and he seemed in a state of happy

held on the open field on the bluffs, where a few trees, standing in a line running back from the bay, take the

name of a grove. The persons baptized at this place were Mrs. Holbausen and Miss Sophie and Miss Marie Scheibly. The great day for Faith Cure believers will be on September 15, and the interest will continue to September 22. Delegates will be present from all parts of the country, or nearly all, and they will deliberate on means for spreading

A TELEGRAPH OPERATOR ARRESTED.

For some time past the Western Union Telegraph Company has been missing money from one of their stations at Point Picasant, N. J. Suspicion fell upon Theodore Peterson, a nineteen-year-old operator, and Saturday night Detectives Rogers and McAuliff, of the Headquarters force, arrested him as he was coming to this city. Yeaterday morning the prisoner was arraigned before Justice Patterson, in Jefferson Market Court, and the necessary userers were made out for his transferral to necessary papers were made out for his transferral to New-Jersey. The full sum stolen was 647 80.

KILRAIN, THE PUGILIST, BACK FROM EUROPE. "Jake" Kilrain, the pugilist, arrived late Saturday night on the Cunard steamship Etraria. The tugboat John Lenox took a number of reporters and friends of Kil-rain down the bay to welcome him, and about 12:30 a. m. he was brought to the city and went at once to the Metropolitan Hotel to meet his wife. Kilrain says that he is in good health and willing to meet any man, especially John L. Sullivan. What his present plans are he hardly knows himself, except that he will take a rest to recover from his voyage and his sessickness. To-day Kilrain and his wife start for Rester. NOT BROOKLYN'S DAY.

The New-York nine now has a lead of eight games in the race for the League pennant, and there seems no good reason why that lead should be materially lessened during the coming week. The Chicago nine is still second, with a strong probability of retaining that position for some time, if not to the end of the season. The Detroit team occupies third place, only few points ahead of the Boston nine, with the Phili telphia nine close upon the latter's heels. The Pittsourg nine is also bettering its record, and is not far chind Philadelphia. The record to date is as follows:

In the American Association race, the St. Louis nine is steadily increasing its lead, and now seems to have the first position virtually settled. The Cincinnati, for second place, and the fight between these nin that position ought to be interesting. None of the as the purse permits, at \$50 a yard. other nines can get above fifth place. Rabbi Joseph preached from the text "How beautiful are thy tents, O Jacob, thy dwelling-places, O Israel!" This, he said, was the only blessing left of all those given by Balaam. The prophet had always showered nothing but curses upon the Jewish people, except in this case. These words, though coming from the mouth of one who at heart was an enemy, had come to be a blessing to the people of God. They, therefore, in their gratitude, should not cease to follow a true religious life. Being in a free country, they could now observe the laws of Moses, a great bless-ing they had not enjoyed in the lands where formerly they had suffered oppression.
